**AREA ARIGNA;** Have you an interest and knowledge in gardening? If so, we need your help! Recently new shrubs and plants were added to the village centre. These will require some work to maintain and nurture, a rough estimate 30mins per week. We are inviting anyone willing to help out to come along to the Enterprise centre on Thu Sept 19th at 8:30. Hope to see some keen gardeners there to give a little time to get things up and running and share their knowledge so we can develop the village centre further.

A great day for the Parish last Monday when works commenced on the Astro turf pitch – a facility that will be a tremendous addition to the community for generations to come. It is hoped the pitch will be completed and available for use by approx. the end of November.
