We are currently looking to run a short beginner's computers course starting early November, one day a week for 5 weeks. We will be covering topics like how to get started using a computer, file management, word processing, internet use, and cybersecurity and common scams. We normally run these courses on Friday mornings, 10:30am to 1:00pm, but pending interest, we may run the course in an evening if it suits people better. The course would suit those who want to learn the basics or want to refresh their mind on how to use a computer. Email info@mct.ie or call 071 963 2024 for more info.

November lists will be available in all churches from 24th/25th October.
